Sole Source Letter

This letter is to provide notification that mangrove.org® is the sole source provider of Riley Encased Methodology™ and the REM Encasement Device™ for Coastal Reforestation, Green Infrastructure, Sustainable Development and Ecological Engineering including habitat creation, environmental restoration, shoreline stabilization, erosion control as-well-as green funeral and living memorial dedications.

As a result of our investment in innovation (methodology, principles and processes, techniques, tools, protocols, documentation and educational programs) we have created a portfolio of intellectual property rights that include:

- Patents
- Trademarks
- Copyrights

We are the only organization in the world with the unique technical competence, expertise, experience and proprietary knowledge in the application of Encased Methodology® as-well-as the design and manufacture of the REM Encasement Device™.
